Amica freestander with induction

AMICA has added a 600mm cooker to its range of kitchen appliances with electric oven and a ceramic induction hob.

The freestanding 601IE3T is finished in stainless steel and black and offers a multifunction oven cavity with eight heating functions.

These include fan with ring heater for quicker, even baking and roasting, along with a 2kW grill (super and turbo grill for large cuts of meat), traditional convection heating, top heat, bottom heat and fan with ring heater and bottom heater.

The oven cavity has an easy-clean enamel interior, catalytic liners, a light, two full-width wire shelves and a deep roasting tray/shelf. There is a storage drawer beneath the oven cavity.

Rated A for energy efficiency, the 601IE3T is topped by an easy-clean ceramic induction hob with four zones – two 210mm and two 160mm.

In common with all Amica products, the

601IE3T is covered by a full two-year parts-and-labour guarantee as standard.

Amica. 01425 461600.
