

## PRODUCT FICHE

|                                                               |              |                                                                                   |
|---------------------------------------------------------------|--------------|-----------------------------------------------------------------------------------|
| Supplier name                                                 |              | Amica S.A.                                                                        |
|                                                               | Model        | FKR29653C                                                                         |
| Model ID (Model)                                              | Type         | FK296BRG+06AE                                                                     |
|                                                               | Index        | 1171287                                                                           |
| Refrigerating appliance model category <sup>1</sup>           |              | 7                                                                                 |
| Energy efficiency class <sup>2</sup>                          |              | A+                                                                                |
| Annual energy consumption [kWh/year] <sup>3</sup>             |              | 239                                                                               |
| Refrigerator net storage volume [l]                           |              | 181                                                                               |
| Freezer net storage volume [l]                                |              | 63                                                                                |
| Star marking of frozen-food storage compartments <sup>4</sup> |              |  |
| Frost-free system                                             | Refrigerator | -                                                                                 |
|                                                               | Freezer      | -                                                                                 |
| Temperature rise time [h] <sup>5</sup>                        |              | 15                                                                                |
| Freezing capacity [kg/24h]                                    |              | 3                                                                                 |
| Climate class <sup>6</sup>                                    |              | N-ST                                                                              |
| Acoustical noise emissions [dB(A) re1 pW]                     |              | 41                                                                                |
| Built-in model                                                |              | -                                                                                 |
| Voltage [V/Hz]                                                |              | AC 220-240V / 50Hz                                                                |
| Height x width x depth of product [mm]                        |              | 1810 x 550 x 615                                                                  |
| Appliance weight [kg]                                         |              | 51,5                                                                              |
| Type of lighting (Incandescent / LED / none)                  | Refrigerator | O/O/O                                                                             |
|                                                               | Freezer      | O/O/V                                                                             |

<sup>1)</sup> 1- Refrigerator with one or more fresh food storage compartments; 3- Refrigerator-chiller and refrigerator with a 0-star compartment; 4- Refrigerator with a one-star compartment; 5- Refrigerator with a two-star compartment; 6- Refrigerator with a three-star compartment; 7- Refrigerator-freeze; 8- Upright freezer; 9- Chest freezer.

<sup>2)</sup> Energy efficiency class A++/A+ (=low energy consumption) to G (=high energy consumption).

<sup>3)</sup> Power consumption »XYZ« kWh per annum based on the results of the test performed in normal conditions in a 24 hour cycle. Actual power consumption depends on the mode and place of appliance usage

<sup>4)</sup>  = space for storing products at temp. around -6°C

 = space for storing products at temp. around -12°C

 = space for storing products at temp. around -18°C

 = space for freezing products at temp. -18°C or lower.

<sup>5)</sup> safe storage time »X« hours with no power supply

<sup>6)</sup> Climate class: W [climate class]. Appliance intended for use at ambient temperature from X [lower limit] °C to Y [upper limit] °C. SN - from +10°C to +32°C; N - from +16°C to +32°C; ST - from +16°C to +38°C; T - from +16°C to +43°C.
