

## PRODUCT FICHE

The maximum load for washing (dry clothes) [kg]	8.0
The maximum load for drying [kg]	6.0
Spin speed [RPM]	1400
Number of programmes	15
Operating voltage [V]	220-240V
Frequency [Hz]	~50 Hz
Water pressure [MPa]	min. 0,1 MPa (1 bar), max.1 MPa (10 bar)
Dimensions (HxWxL) [mm]	845x597x582
Energy consumption (washing, spinning, drying) [kWh/cycle]	5,44 kWh/cycle
Energy consumption (washing and spinning only) [kWh/cycle]	1,06 kWh/cycle
Water consumption (washing, spinning, drying) [litres/cycle]	112 l/cycle
Water consumption (washing and spinning only) [litres/cycle]	56 l/cykl
Control programs according to: <b>EN 50229</b>	
Wash cycle: Cotton Eco, load: 8 kg, temperature 60°C, spin speed: 1400 rpm	
Drying cycle: <b>I. Drying programme for the first part of the load</b> Programme: Cotton Dry, load:~4,0 kg (1 sheet +14 pillowcases) Option: Dry level 2 (  )	
<b>II. Drying programme for the second part of the load</b> Programme: Cotton Dry, load: ~4,0 kg (2 sheets + all towels) Option: Dry level 2 (  )	

\* **Note:** Do not dry clothes that have not been washed.
